Scheme of assessment – Computing – KS3

Common Assessment Title and assessment method.	Completed by	Standardisation / Moderation	Scheme of Learning Reference / Matrix Reference	Teacher feedback method / Student response method
Students are given a variety of Assessments throughout KS3 with a different one every half term that links to the content they have covered during that half term. **Year 7** assessment tasks are detailed below: - Microsoft Forms Quiz - 2 Factsheets for 2 different target audiences - Create a spreadsheet given a brief - Series of Computational Thinking problems - Make a game in Kodu - Choose your own adventure activity in Python **Year 8** Assessment Tasks are: - Create presentation using the template to create a document detailing key terminology and facts - Create a movie for a client using a brief - Make a website of their choice using Notepad - Complete a scenario using the Go Control software - Create a radio advert and a video tour for a holiday destination **Year 9** Assessments Tasks are: - Make a portfolio of evidence throughout the unit demonstrating their skills - Create a virtual tour using Tour Creator - PacMan game and Chat Bot coded in Python - Microsoft Forms Quiz - Comic Strip	An assessment task per half term An assessment task per half term An assessment task every term	KS3 staff will spend time in Faculty meetings looking at the moderation of marking across each class and each assessment, ensuring that marking is consistent throughout. Some examples of work will be stored in the Faculty Team Moderation folder to ensure NXH, GSS and SET have access to examples of work at different levels.		Assessments will be teacher marked alongside the department assessment policies. Students will receive feedback for their work and some ideas for how the work can be improved. Teacher feedback may be written if the work has been done on paper, it may be given as written feedback online or it may be given through video feedback. Students will be expected to respond to feedback in green. This is likely to be done in the lesson following an assessment or the response to feedback might be set as a homework task.
